Sentinel Warranty

Protection against the unexpected costs of mechanical faults & repairs.

What is covered under warranty?

The Sentinel Warranty covers parts and labour for an unlimited number of claims on covered components. Each claim is paid up to the component monetary limits to repair the vehicle to a condition consistent with its age, condition and kilometres travelled.* (See table right).

What plans and terms are available?

Four different plans are available depending on your vehicle prerequisite and the level of cover required (see table right). All plans are available for terms of 12, 24, 36 or 60 months.

What happens if I need to claim?

If your vehicle breaks down, please call the warranty administrator (NWC) prior to arranging any repair work to the vehicle. A member of the NWC Claims Team will promptly assess your claim and direct you to the nearest approved repairer wherever you are in Australia.

Authorised repairs are then paid direct to the repairer – you won't have to wait to be reimbursed therefore reducing your out-of-pocket expenses.

What servicing is required to maintain the warranty?

To maintain the warranty on your vehicle, regular servicing and maintenance needs to be carried out by a licensed mechanic in accordance with the Sentinel Warranty servicing requirements as outlined in the Terms and Conditions for your chosen warranty.

*NOTE: This brochure is designed as an overview only. For full Terms and Conditions please refer either to the Sentinel Warranty Book or the Product Disclosure Statement which applies to your purchase. Benefits offered by the Sentinel Warranty are in addition to any warranties and guarantees relating to your vehicle under the Competition and Consumer Act 2010 (Australian Consumer Law) and State and Territory legislation.
