Motorhome Warranty

Protection against the unexpected costs of repair to your Motorhome.

What is covered under warranty?

The Motorhome Warranty covers parts and labour for an unlimited number of repairs on covered components during the warranty term. The maximum limit for any one claim is determined by the level of cover selected.* (See table right).

What plans and terms are available?

Three different plans are available depending on the age and kilometres of your Motorhome and the level of cover required (see table right). All plans are available for 12, 24 or 36 months.

Are all appliances covered?

The Motorhome Warranty includes cover for selected appliances (where applicable) that were fitted by the original manufacturer or the selling dealer. See table right for the list of covered appliances and claim limits.

What happens if I need to claim?

If your Motorhome requires warranty repairs, please call the warranty administrator (NWC) prior to arranging any repair work to the Motorhome. A member of the NWC Claims Team will process your claim and refer you to the nearest approved repairer wherever you are in Australia. Authorised repairs are then paid direct to the repairer – you won't have to wait to be reimbursed, therefore reducing your out-of-pocket expenses.

What servicing is required to maintain the warranty?

To maintain the warranty on your Motorhome, regular servicing and maintenance needs to be carried out by a licensed repairer in accordance with the Motorhome Warranty servicing requirements as outlined in the Warranty Terms and Conditions.

*NOTE: This brochure is designed as an overview only. For full Terms and Conditions please refer to either the Motorhome Warranty Book or Product Disclosure Statement which applies to your purchase. Benefits offered by the Motorhome Warranty are in addition to any warranties and guarantees relating to your Motorhome under the Competition and Consumer Act 2010 (Australian Consumer Law) and State and Territory legislation.
